

FASHION DESIGN PORTFOLIO

" BORN TO RULE, STYLED TO REIGN "

It was typical
for me to play dress
up in my mother's clothes
and I always wanted
to be a princess.
I grew up in a family
where fashion was a passion
and I learned to love
it from a very young age.

MAHDIEH MOUSAFARD

ABOUT ME

In my world, clothing is more than fabric, it is a language of identity, strength and story. I am a fashion designer who connects the worlds of imagination and reality through lines and fabrics. My inspiration comes from mythology, nature, and feminine emotions and each design tells a story of its own. Through digital design, I aim to redefine the boundaries between art and fashion. Every collection is a journey from concept to identity, exploring beauty, strength and meaning. My goal is to create pieces that are not only wearable but deeply experiential.
